

700TVL Vari-focal CCTV Camera

The Conceptronic 700TVL Vari-focal CCTV Camera is a high-quality surveillance device which conforms to weatherproof standard IP66 and is capable of operating in temperatures from -10°C to 50°C. The robust camera is an ideal choice for outdoor home surveillance networks, able to withstand nearly all weather conditions. The 700TVL Vari-focal CCTV Camera can change focus and zoom in on an object at the discretion of the viewer. Built-in infrared (IR) supports night monitoring for distances up to 40 metres, providing crystal-clear images at any time, under any light conditions. In addition, an IR correction feature avoids unnecessary shifts of focus in both visible and infrared ranges, ensuring clear vision twenty-four hours a day. The quality camera also offers full-screen, high resolution recording and playback. The 700TVL Vari-focal CCTV Camera is a great accessory for use with the Conceptronic 8-Channel CCTV Surveillance Kit, providing everything you need for safe, secure surveillance of your home or business for the utmost in peace-of-mind.

Highlights

- > 1/3" SONY SUPER HAD CCD sensor
